

LawLens AI - Executive Report

Executive Summary:

My name is Rubika Sri Dhanasekaran, a student at Anna University, Chennai. I am currently pursuing a B.Tech in Computer Science and Engineering. I have a CGPA of 7.90 / 10. I am a member of the Anna University Student Union (AUSU) and have been actively involved in various student activities. I am also a member of the Anna University Coding Club (AUCC) and have participated in several coding competitions. I am currently working on a project titled "LawLens AI" which is a web application for legal research. The project is built using Python, Django, and MongoDB. It uses the OpenAI GPT-3 API for natural language processing and the Elasticsearch engine for document search. The application is designed to help lawyers and legal researchers find relevant case law and legal documents quickly and efficiently. I am currently in the development phase of the project and have completed the initial design and database schema. I am looking for a mentor to guide me through the project and help me with the deployment and marketing aspects. I am also looking for a team of developers to join me in building this project. If you are interested in mentoring me or joining my team, please contact me at rubikasrid.al24@bitsathy.ac.in or +91 9894964916. I am also available on LinkedIn.

Skills: Python, Django, MongoDB, OpenAI GPT-3 API, Elasticsearch, HTML, CSS, JavaScript, MySQL, Git, GitHub, Google Colab, VS Code, NumPy, Pandas, Matplotlib, Scikit-learn.

Projects: LawLens AI (Web application for legal research), Anna University Coding Club (AUCC) member, Anna University Student Union (AUSU) member.

Education: B.Tech in Computer Science and Engineering, Anna University, Chennai.
